#### About this event.

HunterNet in association with Austrade are undertaking trade missions to China, Japan and South Korea in the second half of 2018. The trade missions will provide a platform for Australian companies to capitalise on opportunities which are available with the establishment of the Korea-Australia Free Trade Agreement (KAFTA), Japan- Australia Economic Partnership Agreement (JAEPA) and China – Australia Free Trade Agreement (ChAFTA).

On the **21<sup>st</sup> of May** we will be holding a briefing session for interested companies where we will provide an overview of the trade missions. We will explain the benefits of each of the free trade agreements and a snapshot of current market trends. An overview of the trade missions and general itinerary will be provided, which includes attendance and participation at the Australian Grand Wine Tasting events.
